

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Third Modification to Consent Decree Under the Clean Air Act

On November 1, 2012, the Department of Justice lodged a proposed third modification to a consent decree with the United States District Court for the Eastern District of Michigan in the lawsuit entitled *United States, et al. v. Marathon Ashland Petroleum LLC*, Civil Action No. 01-40119 (PVG).

Under the original 2001 consent decree, Marathon Ashland Petroleum LLC ("Marathon") agreed to implement innovative pollution control technologies to reduce emissions of nitrogen oxides, sulfur dioxide, and particulate matter from refinery process units at seven refineries then owned and operated by Marathon. Marathon also agreed to adopt facility-wide enhanced benzene waste monitoring and fugitive emission control programs.

Subsequently, the Court entered a first amendment, a first revised consent decree (that superseded the original consent decree) and a first and second modification to the first revised consent decree. Under the third modification that was lodged on November 1, 2012, Marathon will comply with lower NO_x limits at one fluidized catalytic cracking unit ("FCCU"), will comply with higher NO_x limits at another FCCU, and will replace an old heater with a new heater equipped with low NO_x controls.

The publication of this notice opens a period of public comment on the third modification. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States, et al. v. Marathon Ashland Petroleum LLC*, D. J. Ref. No. 90-5-2-1-07247. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

SUPPLEMENTARY INFORMATION: The Provider Enrollment Form (Form OWCP-1168) requests profile information on providers that enroll in one or more OWCP benefit programs so the OWCP billing contractor can pay for services rendered to beneficiaries using an automated bill processing system. This ICR has been characterized as a revision, because the agency has reformatted elements of paper Form OWCP-1168 (e.g., replaced an obsolete logo with the DOL Seal, provided additional notice on the rights of persons with disabilities, and removed references to the no longer existent Employment Standards Administration) and added an electronic filing option.
